ACES gear change lights	<input type="checkbox"/>	■	€ 325.00
Battery master switch	<input type="checkbox"/>	<input type="checkbox"/>	€ 195.00

1. Superlight suspension includes: wide-track front wishbones, adjustable spring platforms, Watts linkage rear suspension + rear anti-roll bar.
2. Race damper kit : Derived from our Superlight R300 race series, this kit lowers ride height and offers firmer damping ideally suited to track or race applications.
3. SV chassis: provides more room for larger or taller drivers and provides additional luggage room.

4. Lowered floors provide: increased room suitable for taller passengers, more headroom when driving with the hood erected and a lowered centre of gravity.
5. Plumbed in fire extinguisher provides additional safety fro cars that are to be extensively used on track. This fire extinguisher deploys in the engine bay, drivers footwell and fuel tank.

6. Carbon cycle wings and rear wings are subject to a surcharge if you require them to be painted.
This is due to the added time and complexity associated with painting carbon fibre.

7. Carpeted interior includes: seat back panel, tunnel sides, boot and rubber floor mats.

8. Painted “7” grill Please describe in detail how you would like the grill to be painted in the additional comments section.
